

## **Detours in place– Yarra State Forest February/March 2017**

Detours will be in place in the Yarra State forest during February and March to ensure public safety around timber harvesting operations.

There will be potential traffic delays of up to 30 minutes for traffic using Federal Creek Road between Big Creek Rd and New Turkey Road near Powelltown.

Drivers are encouraged to follow detour signage and take alternative routes to avoid the likelihood of delays.

Traffic will still be able to use Federal Rd but may face delays due to safety precautions in place around timber harvesting operations.

Visitors travelling to the Ada tree from Yarra Junction and Powelltown throughout February and March are encouraged to take the Bennie Ck Rd turn-off from the Yarra Junction Rd and use Bennie Ck Rd and New Turkey Spur Rd to reach the Ada Tree walk car park.

The safety precautions will be in place to reduce any risk of harm to staff, contractors and members of the public.
