WALK DESCRIPTION

This track is marked along its length with the Blue Wren track symbol. The grade varies from steep sections around Arthurs Seat to an undulating, grassy track through Greens Bush.

The steady climb from Bunurong Track, which offers scenic views of Port Phillip Bay, eventually skirts the Seawinds Gardens, which are just below Arthurs Seat. Continue to McLarens Dam - a good morning tea spot.

Turn right into Waterfall Gully Rd then left into Goolgowie St. The track then follows a reserve and turns right into Yambill Ave. At the roundabout, turn left and continue following the Blue Wren symbols on the power poles along Duells Rd; this section is particularly steep. Turn right at Gardens Rd, where there is a bushwalker memorial. Continue south along the unused road reserve, crossing Browns Rd into Hyslops Rd until you reach Limestone Rd. Turn left then immediately right onto the Greens Bush section of the walking track, where there are many grass trees and some grassy lunch spots.

Continue south, crossing small creeks; kangaroos abound on the grassy slopes to the right of the track. After crossing Boneo Rd, the track enters the Bushrangers Bay section of the walking track. After 2.5km, at the Bushrangers Bay junction, keep right and follow the track westwards, dropping to cross Burrabong Creek, then climbing again to enjoy cliff top views en route to Cape Schanck.
